

BOWDEN
DEVELOPMENT INC.

January 28, 1988

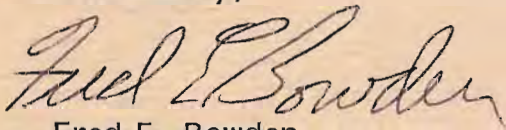

To Whom It May Concern:

Bruce Parton, of Parton Development and Construction, has been known to my companies since 1975.

Mr. Parton, in his various executive positions in Operations, Development and Construction for major companies, has always displayed a high level of expertise, intergrity and organizational skills when dealing in the marketplace. As representatives of our companies, we were always able to achieve our construction and development objectives in a fiscally sound and timely fashion.

We have a high regard for Mr. Parton's ability, integrity and resourcefulness, and have no hesitation in recommending his services to any organization.

Yours truly,

Fred E. Bowden
President
