To Whom It May Concern:

I am writing this letter of recommendation for H.P. Associates, the company I selected to repair my home after a fire.

As you can expect after a fire, the decision that you have to make in order to select a contractor that is familiar with the circumstances and has ability to complete the repairs in a timely manner, working with the funds that you may have are sometimes overwhelming. I have to admit that part of my decision to select H.P. Associates was the many letters of recommendation they provided as part of their introduction.

Now I can also say that I would highly recommend this company to anyone that needs a contractor that can work with your insurance company, building and safety departments and of course, a somewhat stressed homeowner. They repaired my home to a "better than before the fire" state and did so almost a month ahead of schedule!

It is my pleasure to add this letter of recommendation to the many that H.P. Associates have earned so far.

Sincerely,
