Attention: Mr. Bruce Parton

Dear Bruce:

Just a short note to thank you again for the fine job your Company did with our office new construction/remodel.

As you know, our staff had to be on site during construction. In the worst of situations, your people performed their jobs very well. They were very courteous to our staff. The work was done well, on time, and to our specification.

Please do not hesitate to use Frazee as a reference to any of your future customers.

Again, Bruce, thank you for a job well done.

Sincerely,
