To Whom It May Concern:

HP Associates, Inc. has recently restored my fire damaged apartment building @
in Los Angeles.

When the loss first occurred I was very apprehensive about the insurance settlement and reconstruction process, but with the help of my Public Adjusters and my contractor (HP Associates, Inc.), I began to feel more comfortable with the events that were unfolding.

HP Associates, Inc. got right in for the Emergency Services to protect the property and my remaining tenants.

After the insurance settlement they got right into the reconstruction phase, which went quickly and efficiently.

I would recommend HP Associates, Inc. highly for future restoration work.

Sincerely,
