Dear Bruce,

It is my pleasure to write this letter of recommendation so that you may know how much we appreciated the construction job at our Sports Training Center.

As I told you during the construction process, I have been involved in many of these projects and you and your team did an excellent job. The project was done to our needs and in the condensed schedule so we were able to move from our previous location on time. We have been operating for some time now and the quality of workmanship has allowed us to easily maintain the quality look.

I welcome inquiries for your future clients.

Sincerely,
