To Whom It May Concern:

I am happy to attest to the abilities of Bruce Parton of HP Associates Design and Construction.

Bruce served as the general contractor for a remodeling project which required extensive coordination. His ability to schedule with flexibility, respond to special requests and provide input and recommendations far exceeded our expectations. He has a keen eye for detail and appropriately prides himself on his ability to follow through to total completion of any given task. Our needs were extremely demanding and Bruce was easily able to satisfy them both genially and efficiently. I have worked with many contractors and have found few as responsive and easily accessible. I would give him the highest recommendation and feel confident that by employing his services you can do so with extreme and total comfort.

Sincerely,

Robert M. Lea
President
