Dear Bruce,

Our Bob's Big Boy in Burbank looks wonderful since your company completed the new patio dining area and the exterior renovation of the entire building.

It has only been a few short weeks since the project began and we hardly knew you or your crews were there except for the anticipation of the impending finished product.

we will be glad to share some of the prints of the publicity photographs that will become available soon.

Thanks for a job well done;

Sincerely,

**Steven Funkhouser, President
