

TransWorld Bank

July 20, 1990

To any concerned party:

HP Associates has recently completed a tenant improvement project for our bank. This construction project was awarded to HP Associates through a bidding process.

Mr. Parton completed the project on time and within the bid amount.

The sub-contractors used by HP Associates were courteous and considerate of our personnel who had to work around the adverse conditions created by the construction.

We plan to invite HP Associates to bid on future projects that we may have.

Sincerely,

Anthony Garcia
Vice President
