To Whom It May Concern:

For the past thirteen years, I have known Bruce Parton and have watched him grow as a person, executive and leader. Mr. Parton has always been the kind of individual to organize, manage and complete large projects consistent within the needs of the business framework.

We have worked on major construction projects together when Mr. Parton was at Bullock's Department Stores, May Company California and most recently at Pritikin Programs, Inc..

My staff and myself have a high regard for Bruce Parton's abilities and would recommend his services highly.

Sincerely,

WM. CHRISTIAN CO.
