Dear Bruce:

I would like to take this opportunity to thank you and your staff for the outstanding service and excellent quality of work in restoring my severely fire damaged home in Los Angeles. As I live in the Northern California, I was greatly concerned about how I would be able to oversee the re-construction of my rental home from such a great distance. Your invaluable assistance made this process easy. In fact, I never had to travel to LA, as your knowledge and excellent oversight of the project made my presence unnecessary. Your staff was friendly, courteous, and invaluable in completing the home re-construction on schedule. Further, I was extremely pleased with the quality of workmanship in making my home better than ever. Finally, I would like to thank you for the integrity you exhibited in all our dealings. I highly recommend HP Associates.

With Sincerest Appreciation,

A handwritten signature in cursive script that reads "Rob Wimmell".
